

inReach 2-way Satellite Communicator “Send & Receive Messages”

inReach Tracking Plans

Choose an inReach tracking plan to suit your needs and budget. Each of the tracking plans come with a generous number of included track points – enough for a worker to be continuously on the move for 8 hours a day, 18 days out of the month. If you don’t need to track as frequently as every 10 mins, you can save money by choosing a plan with less frequent tracking intervals of 30 or 60 mins.
